TRIBUTE TO RITA LEVI-MONTALCINI

CONTENTS

E. Cherubini and G. Nisticò. Preface.....	55
A. Cattaneo. Introduction.....	57
J. Csicsvari. Sharp wave ripples in the hippocampus.....	63
E. Cherubini. Coherent network-driven oscillations as coincident detectors for enhancing synaptic efficacy in the developing hippocampus.....	73
P. Regan, E. Hogg, D.J. Whitcomb and K. Cho. Long-term depression: A new conceptual understanding of Alzheimer's disease.....	79
J. Campi and R. Quian Quiroga. Neuronal encoding of memory in the human and mouse hippocampus.....	91
K.K. Cowansage. Parsing the cellular syntax of memory.....	101
M. Richter, V. Varela, E. Trias and L. Barbeito. Post-translational modification of nerve growth factor by peroxynitrite: pathogenic significance in neurodegenerative diseases.....	111
