

European Journal of Neurodegenerative Diseases

Vol. 5, No. 1, January-June, No. 2, July – December, 2016

CONTENTS

S. Marcelli, F. Iannuzzi, E. Ficulle, S. Aquaro, A. Ciechanover, R. Nisticò and M. Feligioni. Involvement of SUMOylation in Alzheimer's disease	1
M.G. Morgese, L. Trabace and V. Cuomo. Alzheimer's disease and depression: two sides of the same coin?	17
C. Severini, C. Petrella, P. Petrocchi Passeri and R. Possenti. Old and new evidence for neuropeptide involvement in Alzheimer's disease	35
M. Soligo, V. Protto, S. Piccinin, R. Nisticò and L. Manni. Central neurodegeneration and diabetes	53
S. Capsoni and A. Cattaneo. Glial cells mediate the broad neuroprotective and anti-amyloidogenic actions of painless NGF in the brain via the CXCL12 chemokine	71
V. Calabrese and R. Crea. Potential prevention and treatment of neurodegenerative diseases: olive polyphenols and hydroxytyrosol	81
A. Caruso, D. Mango, F. Nicoletti and S. Scaccianoce. Insights into stress resilience	109
I. Di Renzo, F. Proietti Serafini, A. Giavazzi, S. Zecchini, M. Giovarelli, D. Cervia, C. Perrotta, C. De Palma and E. Clementi. The therapeutic potential of autophagy in Duchenne muscular dystrophy	117
