

# ***European Journal of Neurodegenerative Diseases***

Vol. 1, No 3, December, 2012

## **CONTENTS**

<b>N. Haji, A. Musella, A. Gentile, D. Fresegna, H. Sepman, S. Rossi, G. Mandolesi, D. Centonze.</b> Synaptic alterations in multiple sclerosis.....	255
<b>F. Errico, F. Napolitano, D. Vitucci, A. Di Maio, M. Squillace, V. Marsili, F. Marmo, L. Chiariotti, A. Usiello.</b> Role of D-aspartate in glutamatergic neurotransmission: new insights from animal models...	267
<b>F. Di Domenico, M. Perluigi, D. A. Butterfield.</b> Redox Proteomics Studies on <i>C. elegans</i> Models: A Simple Organism That Provides Insights Into Complex Neurodegenerative Disorders.....	279
<b>V. Cavallucci, A. Nobili, M. D'Amelio.</b> Emerging role of mitochondria disturbances in the onset of neurodegenerative diseases.....	293
<b>F. Nicoletti, G. Battaglia, F. Caraci, M.A. Sortino, F. Drago, A. Copani, C. Nasca, L. Rampello, V. Bruno.</b> Subtype-selective ligands of metabotropic glutamate receptors: potential disease-modifying drugs in the treatment of Parkinson's disease and Alzheimer's disease?.....	303
<b>M. Canossa , S. Santi, B. Berninger.</b> New strategies for regenerating the injured brain.....	325
<b>S.E. Latchney, A.J. Eisch.</b> Therapeutic application of neural stem cells and adult neurogenesis for neurodegenerative disorders: regeneration and beyond.....	335
<b>E. Head, D. Powell, B.T. Gold, F.A. Schmitt.</b> Alzheimer's disease in Down syndrome.....	353
<b>A.C. Bruni, C. Cupidi, L. Bernardi.</b> Genetic and pathological features in frontotemporal lobar degeneration: new acquisitions.....	365
<b>H. Peto, K. Shakesheff.</b> Tissue engineering in CNS repair and neurodegeneration.....	385
